### About the school:

The School of Mathematics and Statistics was a part of the School of Mathematics and Computer/ Information Sciences, as a department which was established in February 1978 with Prof. M. Venkata Raman, formerly Head, Department of Mathematics, Madurai University, as the first Dean of the School. The Department of Mathematics and Statistics was upgraded to the School of Mathematics and Statistics on 22nd January 2013. Currently, there are --- faculty members with research specialization cutting across the broad areas of Algebra, Analysis, Geometry, Number Theory, Applied Mathematics, Statistics, and Operations Research. The school has been able to receive recognition from various funding agencies. DST has selected this school under its FIST (Funds for Infrastructure in Science and Technology) (Level II) scheme. The UGC has also chosen the school for support under the COSIST (Committee for Strengthening Infrastructure in Science & Technology) programme. It also receives the Special Assistance Programme (SAP) of the UGC. The National Board of Higher Mathematics (NBHM) has recognized our library as a regional library of the NBHM and thus provides a library grant each year for subscribing to journals in Mathematics and Mathematical Statistics.
